Thank you for paying your electric bill so promptly.

For taxes For employees For investors For fuel & purchased power For new construction For interest For material, supplies and other costs

We divide it with a lot of people.

The list is long. The money you pay Edison goes to 10,000 employees, more than 150,000 investors and to hundreds of suppliers who help us provide electricity for 6.5 million people. But notice that taxes take the largest portion.

Federal, state and local governments sent us tax bills for last year totalling \$102.4 million. Of course, a large portion goes to the community. Taxes pay for schools, libraries, fire and police protection, many other services. So, you see, a lot of people have you to thank for paying your electric bill so promptly.
